

TARGETED SELECTION®

INTERVIEW GUIDE

Job Opening	<i>Product Engineering-Senior Product Engineer</i>
Candidate	
Interviewer	
Date	

Interviewer A (Expert)

INTERVIEW PREPARATION

1. Review candidate materials.
2. If assigned, prepare to conduct the Key Background Review to seek relevant information about the candidate's educational background, work history, knowledge, experiences, and motivations.
3. Prepare the Planned Behavioral Questions section.
 - Review the definitions and key actions.
 - If necessary, modify questions to better fit the candidate's knowledge and experience as well as the target position.
 - Determine the order in which you'll ask the questions for each target.
 - Develop additional questions if necessary.

Note: Your goal is to collect three complete STARS for each target.
4. Estimate the time needed to cover each section of the Interview Guide
 - To help stay on track during the interview, record start times at the top of each page in the guide.

INTERVIEW OPENING

1. Greet the candidate, stating your name and position.
2. Explain the interview's purpose: To make sure you and the candidate get the information needed to make good decisions.
3. Describe the interview plan, explaining that you will:
 - Briefly review the candidate's education and work history (if assigned).
 - Ask questions to get specific information about the candidate's jobs, experiences, and knowledge.
 - Provide information and answer the candidate's questions about the organization and the position.
4. Explain that you will take notes throughout the interview.
5. Make the transition to the first section.

KEY BACKGROUND REVIEW

EDUCATIONAL BACKGROUND (do not seek information provided on resume)

Graduate School _____ Years _____ Degree/Major _____ GPA _____ out of _____

College _____ Years _____ Degree/Major _____ GPA _____ out of _____

Technical School _____ Years _____ Degree/Major _____ GPA _____ out of _____

High School _____ Years _____ Degree/Major _____ GPA _____ out of _____

1. What other education or training have you had?
2. How did your education/training prepare you for a job such as this?
3. Which classes did you enjoy the most? Why?
4. Which classes did you enjoy the least? Why?

Notes:

WORK HISTORY

Job _____ Dates of employment _____

1. Why do/did you want to leave this job?

FOLLOW-UP QUESTIONS TO BUILD COMPLETE STARS

For Situation/Task

Describe a situation when...
Why did you...?
What were the circumstances surrounding...?
What were you reacting to?

For Action

Exactly what did you do?
Describe specifically how you did that.
What did you do first? Second?
Describe your specific role.
Walk me through the steps you took.

For Results

What was the result?
How did it work out?
What happened as a result?
What feedback have you gotten?

Innovating with Courage

Generating innovative solutions in work situations; trying different and novel ways to deal with work problems and opportunities.

Key Actions

- Challenges paradigms.
- Generates innovative ideas, solutions, and opportunities.
- Routinely tries out new ideas, methods, and technologies.
- Takes action in an uncertain environment with courage and conviction.
- Takes reasoned risks to introduce innovations.

RATING

1. Tell me about a time when you worked with others to develop new and creative ideas to solve problems.
2. Tell me about what you've done to develop new and creative solutions to business problems. Give me an example of a specific approach you developed.
3. Give me an example of a time when you were able to apply existing knowledge in a new way in order to solve a problem.

How did it work out?
What happened as a result?
What feedback have you gotten?

Making Sound Decisions

Identifying and understanding issues, problems, and opportunities; comparing data from different sources to draw conclusions; using effective approaches for choosing a course of action or developing appropriate solutions; taking action that is consistent with available facts, constraints, and probable consequences.

Key Actions

- Uses appropriate knowledge and expertise in making decisions.
- Considers alternative solutions before making decisions.
- Bases decisions on sound logic and rationale.
- Drives towards success.
- Chooses appropriate action.
- Makes timely decisions on problems or issues requiring immediate attention.
- Makes sound decisions on complex functional issues and problems.
- Applies prudent financial judgment in decisions and actions.
- Creates contingency plans to ensure success.

RATING

options?

② redesign

① fix on floor

how fast you bought it up.

1. Tell me about a time when you had to analyze or interpret numerical or financial information.
2. We've all tried to solve a problem on our own only to discover that others needed to be involved in the solution. Give me an example of a time when you took full responsibility for solving a problem but later found out that you should have included others in the process.
3. Describe a time when you weighed the pros and cons of a situation and decided not to take action, even though you were under pressure to do so.

What was at stake?

Situation/Task

Action

Result

During Gizzly, we manufactured 130 gummy str. in shop. I owned assembly process.

Task was: get this done and send to factory. on at PMGNS was ladder assembly and was weak.

Was told factory needed ladders and I refused. B/c was feeling them and when I checked, they bent. Found weak support at corner.

* A lot of "ahs"
* Need more data/metrics

~~1) I saw director and told that I'm not easily ble of safety.~~

2 options I laid out to director:
~~1) send it~~
2) strengthen the ladder

Feedback:

1) More detail.

2) Sx?

3) Process of manual. parts in non production env. 7

good decision supported by higher up.

1) supported change to floor

2) prohibited factory workers climbing on ladders

3) safety #1, paper supported me.

changed design later

FOLLOW-UP QUESTIONS TO BUILD COMPLETE STARS

INTERVIEW CLOSE

- Ask any additional questions you believe will help you clarify and complete your notes.
- Provide your assigned information about the position, organization, or location, and ask if the candidate has any questions.
- Ask the candidate what might prevent him or her from accepting an offer if one was made.
- End by explaining the next steps in the selection process and thanking the candidate for a productive interview.

POST-INTERVIEW DATA EVALUATION

1. Evaluate the data relative to each target.

- Review each STAR to determine if it is complete and in the right target.
- Determine whether each STAR is effective or ineffective.
- Weigh each STAR by considering similarity, impact, and recency.
- Rate the overall target.

NUMERICAL RATINGS

- | | |
|---|--|
| 5 | Much more than Acceptable (Significantly exceeds criteria for successful job performance/motivational fit) |
| 4 | More than Acceptable (Exceeds criteria for successful job performance/motivational fit) |
| 3 | Acceptable (Meets criteria for successful job performance/motivational fit) |
| 2 | Less than Acceptable (Generally does not meet criteria for successful job performance/motivational fit) |
| 1 | Much less than Acceptable (Significantly below criteria for successful job performance/motivational fit) |

CLARIFYING RATINGS

- | | |
|----|---|
| N | No opportunity to observe or make an assessment |
| I | Incomplete data - need more information |
| 5H | Too High - so strong in one aspect of a target as to cause weakness in another or overall |

2. Evaluate observable targets if applicable.

- Review your notes on the observable targets.
- Rate the key actions by placing a check mark in the appropriate box to note whether the candidate's behavior was positive/effective (+), neutral (0), or negative/ineffective (-).
- Note your rating for each target in the box.

Communication

Clearly conveying information and ideas through a variety of media to individuals or groups in a manner that engages the audience and helps them understand and retain the message.

+ 0 - Key Actions

☐	☐	☐	Organizes the communication
☐	☐	☐	Maintains audience attention
☐	☐	☐	Adjusts to the audience
☐	☐	☐	Ensures understanding
☐	☐	☐	Adheres to accepted conventions
☐	☐	☐	Comprehends communication from others

RATING

3. Prepare for data integration.

- Transfer your ratings to the Rating Grid. Include your comments so you can refer to them during data integration.
